

Sinclair's latest antics would have made it a welcome collaborator in the former U.S.S.R., today's China, yesterday's Iraq. These antics are, however, and should be, UNACCEPTABLE IN AMERICA.

Sinclair uses the public airwaves free of charge, and is obligated BY LAW to serve the public interest. There is no question that one-sided programs, like "Stolen Honor", DO NOT serve the public interest.

Sinclair's actions ARE A STUNNING EXAMPLE of WHY media ownership rules MUST BE STRENGTHENED. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
